

NEUROLOGY

Program Director Name: Chad Carlson

Program Coordinator Name: Ashlie Schaffner

Department Residency Advisors:

Which clerkships are required for students to match into this specialty?

Neurology

At what point in the interview season should a student consider applying to more residency programs in your specialty?

If they are getting less than 50% of programs responding for interviews, they should broaden their application list

After initial month, if resident has less than 10 invitations

At what point should a student consider applying to a back-up specialty?

i.e. if they applied only to the most competitive programs, they need to apply more broadly, if they applied broadly, then a backup plan should be considered)

Recognizing that it can vary from year to year, when is the typical interview season for this specialty nationally?

Mid-October or November through early January

Do you have any additional recommendations for students who are committed to matching in this specialty?
